

ACTION Trauma-Informed Spaces (TIS)

Application Deadline: August 4, 2023, at 11:59 pm EST / 10:59 pm CST

This document is to be used as a guide. All applications must be completed via online submission at www.gileadcompass.com.

BACKGROUND

ACTION Trauma-Informed Spaces Funding Opportunity

Space (whether physical or virtual) is an integral factor to providing care and meeting the needs of individuals, staff, and communities. Healing, supportive, and affirming spaces can reduce stress, keep individuals engaged in care, and improve community wellbeing. A workspace focusing on healing and wellness for its staff can boost morale, decrease work-related stress, and promote self-care practices. However, we know that it is difficult to find resources to transform spaces. That's why we (SUSTAIN Center) developed ACTION (Act with Communities To Increase Opportunities and address Needs in the South) Trauma-Informed Spaces (TIS).

ACTION Trauma-Informed Spaces is a grant of up to \$10,000 that supports Southern HIV service organizations to change their spaces to be more trauma-informed and healing-centered. The space can be anywhere your organization works, such as offices, mobile units, virtual, indoors and outdoors. Organizations will create a trauma-informed space by applying the six principles of trauma-informed care.

What are trauma-informed care and supportive spaces in this context?

Trauma-Informed Care is "a [project] program, organization, or system that is trauma-informed realizes the widespread impact of trauma and understands potential paths for recovery; recognizes the signs and symptoms in clients, families, staff, and others involved with system; and responds by fully integrating knowledge about trauma into policies, procedures, practices, and seeks to actively resist re-traumatization (SAMHSA, 2014)."

A **supportive space** establishes trust and boundaries, safety guards, promotes autonomy and is gender-affirming, inclusive, culturally responsive, and multilingual (if applicable).

Please note: This funding opportunity is to transform spaces at your organization. We will NOT consider projects that focus on implementing programs (ex: support groups, staff salaries, training, events...).
